

Westbury says 'No'

At a packed meeting at the Parish Hall on 17th February, Parish Council Chairman, Simon Phelps, introduced the chief forward planning officer of the Forest of Dean District Council, Nigel Gibbons, who gave some background to the submission of the plan for a vast housing development, largely in Westbury parish. He explained that a consultation about the Local Plan was held last year and the proposal for the so-called 'eco-village' was submitted by developers Ridge and Partners of Cheltenham in response to this consultation. The concept of the plan is a "sustainable community" of 5000 houses, built on farmland, with its own railway station. Plans of the proposed development were on display at the meeting.

The large audience was invited to ask questions and express opinions and there was no shortage of speakers, who covered numerous problems including the risk to Walmore Common, the existing traffic congestion and the lack of supporting infrastructure.

Storm Dennis had lent support to the speaker who pointed out that the area was prone to flooding, as much of it was under water at the time of the meeting. Simon Phelps asked that all present leave their contact details so that they can be kept informed and concluded the meeting with thanks to Nigel Gibbons for coming and a request for a show of hands, which demonstrated the overwhelming opposition to this proposal.

For a full report, see supplement

Parish Council

Following the public meeting, parish councillors adjourned to the lounge for our usual monthly meeting. Brian Robinson, our County Councillor, explained that council tax will be increased this year as extra funds are needed for children's and adult care services. He is now the chairman of the Scrutiny Committee for Health and Wellbeing and so this will be his key interest. Ofsted are now carrying out an update on their previous report on children's services and will be doing a full review in a few months, by which time it is hoped that they will no longer be considered "inadequate".

Andrew Middlecote from Gloucestershire Highways was due to meet Chairman Simon Phelps and Michael Townsend shortly regarding various issues on our local roads. Brian also reminded us that the Local Transport Plan is underway with formal public consultation taking place up to March 26th 2020. If you wish, you can visit www.gloucestershire.gov.uk/ltp-review to view the Draft Plan for Consultation and make your views known through the online survey.

Moving on to **planning** matters, there were no objections to an application for two extensions to Glencairn on Wintles Hill and an application for a dwelling for staff accommodation at Severn and Wye Smokery was supported, on the condition that it was only for housing Smokery staff. Further to the public meeting regarding the ecovillage proposal, it was agreed to invite a representative of Ridge and Partners, the property and construction consultants behind the proposal, to another public meeting.

Highways Severn Trent are investigat-

ing problems at Acres Corner in Northwood Green where it is believed that rainwater is getting into the sewers. Work is in progress at Stantway, but we understand that the fountain which periodically erupts from the manhole cover has been in full spate during the recent wet weather.

Footpaths A lot of work has been done on the parish's footpaths over recent months and this may well be due to Mike Townsend's constant pressure on the Public Rights of Way (PROW) team. However, a recent complaint that some stiles do not make it easy for dog walkers has not got very far, as apparently there is no requirement for landowners or the PROW team to make stiles accessible for dogs.

Burial Ground A meeting is now being arranged with the County Council and our solicitor to discuss the new lease and rent of the playing field.

Milestones Councillors have been asked to take photos of these so that we can assess what is needed to preserve them. Any work needed is usually paid for by the parish council.

Correspondence Councillors have been invited to a Climate Action Day at the end of March and Chairman Simon and Peter Radley will be representing Westbury. Rev Steve Taylor had consulted the Parish Council regarding ringing the bells in the Tower at Westbury to celebrate the 75th anniversary of VE day, a suggestion that we fully supported.

We had not heard from Gloucester Autograss regarding the dates of their meetings this year, but Fiona had checked their website and the meetings at Elton Corner will take place on 29th March, 12th April and 24th May. She contacted them and they have since confirmed these dates and will be dis-

tributing flyers soon.

The next meeting will be on Monday
16th March at 7pm. *Di Landon*

Our next churchyard working party will be on Sat 14th March between 10am and 1pm (weather permitting). All are very welcome and refreshments are provided but please bring your own tools. Come and enjoy the primroses and snow-drops too.

For the second month running, the February meeting of the Parish Hall Management Committee was held on a filthy night, which may, or may not, have contributed to a larger than usual number of apologies for absence. The smaller than usual number of members who were present were therefore doubly nonplussed when they trooped into the hall to find that sufficient tables and chairs to accommodate a Billy Graham rally had been set out. The enthusiasm and optimism of the two members who had preceded those of us who had loitered in the bar, and arranged the seating, was explained by the fact that they thought it was the AGM.

Running through the matters arising from the minutes, Chair Jan D'Ambrogio confirmed that she had been in touch with the company responsible for the heating. She also confirmed that no further progress had been made in negotiations with Water Plus (Severn Trent) over the account confusion. There was

widespread outrage at the incompetence of the Water Plus accounts department.

Treasurer's Report

Sarah Mitten had circulated the accounts ahead of the meeting. She noted that the hall finances were in good shape, adding that we had been the beneficiary of a £2,000 bequest from a parishioner. We had yet to pay for the new fire exits in the hall.

Projects

Jan added the lounge heating to the list of outstanding projects. She explained that the bill for the fire exits had not been paid as we were waiting for the installer to remedy a fault with the opening mechanism. She went on to explain that an extractor fan for the whole kitchen, not a cooker hood fan, would cost about £2,000, and an audio loop for hearing aid wearers would be £847 plus VAT.

Severndipity Club (bar)

The accounts had been circulated ahead of the meeting. Ken Boulton reported on a disappointing month, mainly related to adverse weather conditions interrupting the sports programme, but also, as he put it 'a sign of the times'.

Fundraising

Jan advised that there would be a meeting of the fundraising committee on Tues 3rd March at 8pm at the Hall and welcomed anyone who felt they would like to contribute. Events already planned included a Bucks Fizz Brunch on March 29th, a Karaoke Night on June 6th, a barbeque and band on August 8th and a 'Kebabaret (Burlesque cabaret and kebab) on November 21st. A Salmon Lunch was being planned and of course the Summer Show, which is on Sunday September 6th. There is also to be a fundraiser in aid of the Multiple Sclerosis Society in memory of Anna

Tempest. All these events will be publicised here in the WoSP.

Odds and Ends

Ken Boulton sought to clarify the cause of the foul odours in the gents' loo in the lounge, which he maintained was due to a constriction in the flow of water to the flushing cistern.

The possibility of an 'Honours Board' for Parish Hall Chairmen (and women) was resurrected, and will be discussed at the AGM....which is on March 10th at 7.30pm *Ed*

PUBLIC MEETING NOTICE

ANNUAL GENERAL MEETING WESTBURY ON SEVERN PARISH HALL MANAGEMENT COMMITTEE

10 MARCH 2020

**7:30 pm- 8:00 pm
IN THE MAIN HALL**

**COME ALONG TO FIND OUT MORE
AND
BECOME A TRUSTEE OF THE

day, 8-10pm and Saturday 5-10pm open
from 3.30pm on Match Days.

Westbury Parish Hall

Sunday Brunch Menu

- Full English - 2 sausages,
2 rashers of bacon, egg, tomato,
baked beans, mushrooms, saute
potato, toast and a glass of
Bucks Fizz £12
- As above but with tea instead of
Bucks Fizz £8
- Children’s breakfast £6
- Vegan Breakfast – Avocado,
vegan sausage, tomato, baked
beans, wilted spinach and mush-
rooms, with tea and toast £8

The Westbury branch of the Royal British Legion met on 4th February at Northwood Green Social Hall. Chairman Simon Phelps wel-

comed David Harris to the committee and John and Beryl Watts were thanked for all their hard work on organising the Poppy Appeal. Local residents had been extremely generous as usual and several collectors received over £200 in donations door-to-door. The Poppy Lunch had also, as usual, been a popular and well-attended fund raiser and we are all sorry that this was the last Poppy lunch that Pauline Hayward will be doing. The lunches produced by Pauline and her helpers have always been thoroughly enjoyed by a packed hall and will be missed. The collection in Westbury amounted to over £2,100, and when proceeds from the lunch were added, the total reached over £2,900. A coffee morning will be the next British Legion fundraiser and we will be talking to the Minsterworth branch with a view to making this a joint event. Memories of a previous event, the commemoration of the centenary of the end of the First World War, were revived, as books of photographs taken by Pete Wilson on the day were distributed. The next meeting will be on Tuesday 7th April at 7.30pm at Northwood Green Social Hall.
Di Landon

“Retirement means twice as much husband and half as much money.”
 “ There is no cure for birth and death save to enjoy the interval”
 “I don’t need you to remind me of my age, I have a bladder to do that.”

Our AGM is coming up on 26th March and we look forward to hearing what our members think of things so far and what they would want to see in the future. Also, as Westbury Players runs on a voluntary basis, we are always looking for active committee members, actors, backstage and support crew and potential directors, writers and producers. Whether we can harness such a creative surge of energy would be a nice challenge to face - I am sure we can.

It would also be good to have someone on the committee to represent the younger demographic, who played such an important part in the last pantomime, and I hope to discuss this at the AGM.

We are now casting for the Spring production - a comedy whodunit called A Fete Worse Than Death. Early discussions have revealed a chronic shortage of female actors and so I am sending out a plea to the ladies of the village to arise as one and reclaim your place on stage, entertaining the village!! Our alternatives seem to be shaving Clive Tempest and sticking him in a dress or doing a male only production, but frankly The Full Monty or Dad's Army doesn't appeal at the moment.

We are also looking for Producers/Directors and if you want to dip your toe in the water as assistant Directors/Producers that is possible. I am hoping this message triggers a surge in oestrogen levels and a wave of enthusiasm for all you Meryl Streeps out there.

If you are interested in joining us please contact May Brass on 760506 or e-mail us at westburyplayers@gmail.com

Church Times

The main church season between Christmas and Easter is called Lent and begins on Ash Wednesday, which falls this year on Feb 26th. The season runs up to Easter Saturday, which is April 12th this year, and reminds us of a time in the early church when candidates were prepared for an Easter baptism. In scripture the season is linked to the testing Jesus experienced in the desert in the early days of his ministry. I can see no reason why we shouldn't use the season ourselves to examine the integrity of our lives before God. To do so would be to follow in the footsteps of the generations before us.

Self-denial and meditation are often seen as important aspects of Lent. We may adopt a pattern of fasting or of doing without some material item. We may embark on a discipline of prayer in a new way. We may look for fresh opportunities to give in support of those in need. Whatever path we take through Lent, the heart of the matter has to be a desire to approach more closely to God. There is a number of events offered in our benefice, each of which may assist in drawing closer to God at this Lenten season, as follows:-

Ash Wednesday (26th Feb) services, Westbury (2pm) and M'worth (7pm).

Compline – a service of quiet reflection and prayer at Northwood Green every Friday in Lent at 6.00pm for 20 minutes.

Lent Lunches Feb 29, March 7, 14, 21. 12.30pm-2.00pm, £5 per person, in aid of Gloucester City Mission, to be held at Northwood Green Hall.

Lent Course Every Tuesday in March at 4.30pm in each parish church, as fol-

lows:- 3.3 (BL), 10.3 (FL), 24.3 (MI), 31.3 (WoS). This course will follow the booklet "Tenants of the King" from Operation Noah.

Best wishes Rev. Steve Taylor

Gloucestershire Care and Support Guide 2020

The Gloucestershire Care and Support Guide 2020 has been published in association with Gloucestershire County Council (GCC) and gives readers information on how to live well for longer, independently, and in their own home. It also explains how to access a wide range of services for those who need extra care or support, whether in their own home or in a care home.

Research in Gloucestershire shows the majority of people want to stay in their own home for as long as possible, so GCC is encouraging residents to find out how to maintain their independence and what solutions could work for them when they need extra support.

The updated guide is available to download, view, or listen to online at www.carechoices.co.uk/publication/gloucestershire-care-services-directory

Free copies of this guide are available from Gloucestershire Carers Hub, hospitals, libraries, GP surgeries, Age UK, and Alzheimer's Society. You can also order a hard copy of the guide from the Adult Social Care Helpdesk at Gloucestershire County Council on 01452 426868 or email social-care.enq@gloucestershire.gov.uk

The guide is also available on the Your Circle website where you can find information to help you find

your way around care and support and connect with people, places, and activities in Gloucestershire. Visit www.yourcircle.org.uk

Can you read this? "Tihs si a wya you nac teg an diea of hawt ti is keli ot rstulegg wthi readgin"

You may be able to work it out, but in the 21st Century being able to read is a vital life skill, which thousands of people lack.

In the Forest of Dean there are an estimated 5,000 people whose reading and writing skills are insufficient for the complexity of modern life. If you are reading this, you are NOT one of them, but you may know someone who is, possibly without being aware of it. People who are unable to read or write well, often develop sophisticated strategies for hiding the fact, as they do not want to admit it, which makes it difficult for them to get help.

We need YOUR help to spread the word that there IS FREE HELP AVAILABLE, here in the Forest of Dean.

FRED (Forest Read Easy Deal) is a scheme available to any adults who wish to learn to read or write, or improve their reading and writing skills. FRED has trained volunteer coaches, able to adapt to the needs of each individual, and you can assure anyone who might be interested, that any contact with FRED will be totally confidential.

For more information see <http://www.forestreadeasydeal.org.uk/> or get in touch by phone or email 07746 371353 info@forestreadeasydeal.org.uk

Fly tipping

The FoDDC has launched a campaign about fly-tipping, a problem that we have encountered on several occasions in Westbury. As well as educating the public on what constitutes flytipping, the campaign also encourages residents and businesses to follow the campaign's S.C.R.A.P. code, which provides a checklist to follow when arranging one-off collections of waste.

The S.C.R.A.P. Code

Suspect all waste carriers; do not let them take your waste until they have proven themselves to be legitimate.

Check their waste carrier's registration details, then verify them by searching the Environment Agency or by calling 03708 506 506.

Refuse unsolicited offers to have any rubbish taken away.

Ask what exactly is going to happen to your rubbish and seek evidence that it is going to be disposed of appropriately.

Paperwork should be obtained. Make sure you get a proper invoice, waste transfer note or a receipt for your waste removal – this should give a description of the waste and provide the waste carrier's contact details.

'Change' is scientific, 'progress' is ethical; change is indubitable, whereas progress is a matter of controversy.

Bertrand Russell

Children need love, especially when they do not deserve it. *Harold S. Hulbert*

Northwood Green Gardening Club

Alpines around the garden by Pam Turner

Pam started growing alpines when she bought a house in the Cotswolds, almost 45 years ago which was on a slope with a large pile of stones and no money to spend on a garden. Dobies seeds came to the rescue with an offer of 6 packets of easily grown alpines – and she's been growing them ever since.

Saturday 21 March 2 pm

Visit to Daffodil Fields from Oxenhall Church Hall, Newent, SO 711 268

A circular walk from Oxenhall through the wild daffodil country in north-west Gloucestershire. Tea to be provided in Oxenhall Church Hall at 3.30 pm.

Cost: £6.50 to include tea/coffee and homemade cakes/scones with jam and cream

CALL FOR SITES
STRATEGIC HOUSING AND ECONOMIC
LAND AVAILABILITY ASSESSMENT
(SHELAA) 2020

Forest of Dean District Council is inviting suggestions on where land in the district could be used for housing, and for sites that could be potentially used for employment as well as for housing, or for a combination of both.

The study assists the Council in identifying suitable land in order to meet the communities housing and employment needs. This process will be particularly important for this year, as suggested sites could help support the development of a new Local Plan, which will guide the development of future housing and employment up to the year 2041.

If anyone would like to put forward a site(s) that is considered to have housing or employment potential, they can download a form from the Forest of Dean District Councils web site www.fdean.gov.uk – follow the Local Plan (new)/ SHLAA tabs- or call Matthew Green on 01285 623489 to be sent a form. Please return forms of potential sites to: Matthew Green, Local Plans, Forest of Dean District Council, High Street, Coleford, GL16 8HG by **29th March 2020** if you wish your site(s) to be considered.). All the information will be available through the Councils web-site.

Football Roundup

Redmarley FC 2:3 Westbury Utd

Westbury surged to 5th place in the Premier Division with a fine win, coming from behind having given up a first minute goal to the opposition. Young Ivan made a return to goalkeeping duties and pulled off several fine stops.

However, in a recurring theme the Director of Football was left to muse over the source of the goals - a creaking Mike Jeffries dragged out of retirement scored twice and ageing train driver John Westby, making his first appearance of the season slotted home a penalty.

The ageing theme was played out in spades for the second team where the ranks were bolstered by Andrew Jayne, a seasoned birdwatcher and frequent supporter but whose best playing days were seen in the 20th century and, I kid you not dear reader, yours truly. Not surprisingly the annoyingly strong opposition managed to overcome the “lads and dads” put out, but at least the fixture was fulfilled and young skipper Gaz Williams put in an enthusiastic display holding the creaking (literally) defence together until the last 10 minutes when the goals started raining in. Jake Harper did well in goal and had plenty of practice so not a wasted afternoon for him. If you really insist on knowing, the final score was 7-0. Bah ! However it does raise the issue as to what the denizens of the Parish were up to between the years 1990-2005 because clearly it wasn't procreating - alternatively maybe the parish council were prosecuting such a fierce Chinese style birth control policy that, like the Chinese, we face a chronic shortage of fit young men who like to kick a football. I can only encourage the younger generation not to make the same mistakes of the past otherwise we could be seeing Zimmer frames rather than curses being hurled at the referee in future, or worse still colostomy bags sprinkled around the pitch after the full time whistle rather than the traditional water bottles.

Westbury Utd 5-1 Ruardean Hill Rangers Reserves

Westbury Utd cemented their heady 5th place spot in the division with a comfortable win against division basement dwellers Ruardean Hill Rangers Reserves.

The confidence of the management, always as fragile as a bone china tea set sitting atop a wonky spin dryer, was shaken as Ruardean Hill put up a strong opening and nerves were only settled after 5 minutes when Benny Mac scored a remarkable goal, chipping a volley over his own shoulder, over the keeper and into the top corner. He is proving to be a valuable find for the club and pleases the traditionalists with his 1930's haircut and fragile looking physique and yet he shirks at nothing in terms of tackling and is everywhere on the pitch. A fine counterpoint to the...er...'different skill set' of young Reagan Warrington who takes a more static approach and expresses himself though a range of exquisite foot skills punctuated by a curious arm flapping motion when things go wrong.

However, after going ahead, disaster quickly struck as Ruardean Hill Rangers scored directly from a corner to the chagrin of Sean The Keep but from there Westbury recovered and took over with another brace of goals from the free scoring Peter Pan-like figure of Mike Jeffries. Sylvester added another goal directly from a free kick which was missed by everyone and with a final flourish, substitute Morgan ran through to make it five. Ruardean Hill weren't helped by a sending off for arguing with the referee, who had a fine game from Westbury's perspective.

Westbury Utd 1-2 Whitecroft FC

In the absence of a 1st team match, the 2nds took centre stage hosting Whitecroft FC A XI, who were, confusingly, really Whitecroft B. However, the main point was that the 2nds, who sadly prop up the division, were playing the only team realistically within range who sat one place higher.

Given these circumstance, one would have thought the team would have been up for it and, given the 1sts having a week off, putting a decent squad together would not be too taxing but upon arrival your correspondent was dismayed to learn that the 2nds were fielding a bare XI (numerically, not sartorially)!

On the plus side, it was good to see an invigorated Alex Wyman returning to the fold, who threw himself into the game with enthusiasm, aggression, some much needed pace and a proper footballers haircut. Young Tareeq (Terry) Thomas made a polished second appearance at left back and Andrew Jayne again turned back the clock, albeit to when he was in his mid 40s, in midfield.

Westbury started brightly and with a flowing move down the right channel the ball pinged across the penalty area and up popped Bacchary to rifle home into the bottom right hand corner with a crisp finish. Regular watchers savoured the moment in the way one savours a solar eclipse or possibly spotting Halley's comet - marvelling at the event and yet sad that it is unlikely to be witnessed again in their lifetime - partially because the chances of the 2nds putting out a team seem to diminish by the week and partially because young Bacchary is seldom accused of reuniting banjos and barn doors with a great deal

of success. I desperately hope to be proved wrong on both counts.

Soon afterwards poor Gaz Williams got clumped on the ankle and, with no substitutes available, was forced to hobble around for the next hour, yelping with pain every time he kicked the ball. It was a brave pitiable sight and were he a race horse, any watching Vet would have started feeling a compassionate twitch in their trigger finger. Eventually he succumbed and had to leave the field but not before Whitecroft had benefited from a slight handling error by Ivan, who in his defence had previously magnificently saved a penalty. One hesitates to dwell on such misfortune (I will though) and speaking as a cricketer not entirely immune from the odd bout of the dropsies, one could only sympathise with the poor keeper who went to catch a fairly harmless shot and doubtless visualising launching an attack with a piercing throw or rifling kick could only watch in horror as the ball slipped though his grasp, popped over his shoulder and rolled into the goal area - it didn't reach the net.

After this misfortune and the reduction in playing staff down to 10 men and with Whitecroft bringing on a suspiciously fleet of foot and skilful substitute there was only one likely winner and with 20 minutes to go Whitecroft struck a well placed shot into the bottom left corner to go 2-1 up.

Westbury bravely battled on and were not disgraced in any way fighting against the odds but didn't manage any further shots on goal. Director of Football Tempest was left scratching his head, as he shuffled off to prepare the post match Pizzas.

Mark Landon

Westbury Rugby

8th Feb

Westbury 3 Berry Hill 37

The Hillmen proved too strong in the Forest Combination Cup

Players worthy of a mention - Ryan Hatch on his debut and Zak Hinds, Ben Yeates and Will Boulton

Minchinhampton 22 Westbury 3

Chairman Ken Boulton was disappointed that the pre game Peter Powell stunter kite demo was cancelled due to high winds so West braved storm Dennis and went down to a bulky Minch side who managed to hang onto the bar of chocolate coloured soap longer than the visitors. Terrible conditions that forced stumps to be drawn at 60 min for health and safety reasons. Good performances from Zak Hinds, Max Skipsey and the mercurial (oh me head, me arm, me back) Paul Adams, also a twenty minute shift from veteran hooker Simon Roberts, a special thanks to a couple of Hartpury lads who had a baptism of mud in the mighty blue and white - storm Dennis the menace ...what a storm.
